

Home is where the pizza is ... October is National pizza month, it was first designated in 1987 ... Happiness is a warm slice of pizza ... Every pizza is a personal pizza if you try hard and believe in yourself ... If at first you don't succeed, order pizza ... Say no to drugs and yes to pizza ... 93 percent of Americans eat pizza once a month. Why is that number not 100%? ... Pizza was first made by the Greeks ... Hasta la pizza, baby ... The pizza is mightier than the sword ... Home is where the pizza is ...

Draw a circle with a **radius** of 1.

The distance half way around the edge of the circle will be **3.14159265...** a number known as **PI**

Or you could draw a circle with a **diameter** of 1.

Then the **circumference** (the distance all the way around the edge of the circle) will be **PI**

PI (the symbol is the Greek letter π) is:

π

The ratio of the **Circumference** to the **Diameter** of a Circle.

In other words, if you measure the circumference, and then divide by the diameter of the circle you get the number π
